- Debugging & Performance Optimization
- Postman (API Testing)

UI/UX

- Material UI
- Responsive UI Design
- Lottie Animations

Architecture & State Management

- MVC Architecture
- Clean Architecture (basic)
- GetX
- Provider

LANGUAGE

- English
- Hindi
- Gujarati

PROJECTS

FashionWeave - Women Clothing E-commerce App,

https://github.com/priyabhalodiya06-design/FashionWeave_Ecommerce-.git

Developed a fully functional mobile e-commerce application for women's fashion using Flutter and Firebase.

- Implemented Firebase Authentication (Login/Signup system)
- Designed dynamic product catalog with categories and trending items
- Developed wishlist and cart system with real-time updates
- Integrated Firebase Firestore for efficient data storage and retrieval

- Built responsive UI ensuring smooth user experience across devices

Tech Stack: Flutter, Dart, Firebase, Firestore

Medicine Delivery App, https://github.com/priyabhalodiya06-design/Medicine_Delivery_App.git

Created a medicine delivery app enabling users to browse medicines, place orders, and manage deliveries.

- Developed product listing, cart, and order management system
- Integrated Firebase Authentication & Database for real-time data handling
- Designed clean and user-friendly UI screens
- Ensured smooth navigation and performance optimization

Tech Stack: Flutter, Dart, Firebase

E-commerce App, https://github.com/priyabhalodiya06-design/Ecommerce_ui.git

Designed a modern and responsive e-commerce UI application.

- Developed home, product listing, product details, and cart screens
- Implemented clean UI with reusable widgets
- Focused on mobile-first responsive design
- Used Flexbox concepts and layout structuring

Tech Stack: Flutter, Dart
